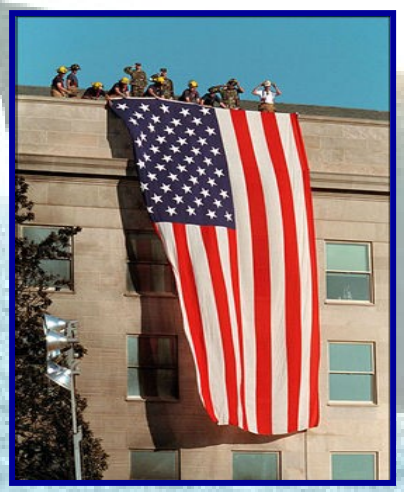
OPNAV N76

NC1 EMERGENCY

ACTION PLAN



CDR Randy Snyder

(703) 695-7642

Randall.Snyder@navy.mil

IMPLEMENTATION
PRIMARY PLAN

- **The following information is applicable in case of emergency evacuation from N76 NC1 spaces.**

- **Safety of life takes precedence over security in all instances.**

  -**Stop what you are doing and begin evacuating immediately. The key to a successful evacuation is your prompt action, hesitation leads to delays and backups in the stairwells.**

-**There are six exits from our current space, two are entrances and four are emergency exits.**

- **The N76 Military member arriving first at the space entry doors will take charge of the Emergency Egress bag and solicit assistance from others to safely disperse the equipment**

IMPLEMENTATION (CONT)
PRIMARY PLAN

-As in any emergency requiring evacuation, all personnel are reminded to not use the elevators, and proceed quickly to the nearest exit and to either of the two stairwells A(1) south end or B(2) north end.

> **-Move to the inside railing, and allow personnel from lower floors to merge with you as you go down the stairs. Move quickly but carefully.**

-Stairwell A(1) will take you to both parking garage levels and an exit to the main lobby. Do not take the stairwell to the garage levels. Exit the stairwell on the first landing after the iron security gate, proceed through the main lobby and onto Clark St.,

IMPLEMENTATION (CONT)
PRIMARY PLAN

-Stairwell B(2) (north end) will take you to both parking garage levels and exits onto Clark St. Do not take the stairwell to the garage levels. Exit the stairwell on the first landing after the iron security gate, proceed onto Clark St., turn right, head south to the RT 1 overpass walkway.

-Once you exit on the ground floor, do not stop. Move well clear of the building and proceed to the designated muster area (25th and Eads St.).

Surface Warfare N76

IMPLEMENTATION (CONT)
PRIMARY PLAN

-Each Branch must maintain an accurate muster roster, with contact numbers, that is easily locatable and transported during an emergency

-Report to your branch representative, and await further instructions.

-Branch Reps will have rosters and check people off as they report.

-Branch Rep will then report to 1of the 3 N76 Reps

-CDR Mike Smith (703) 697-6437 office (703) 217-8569 cell

-CDR Randy Snyder (703) 695-7642 office(703) 798-2303 cell

-LCDR Linda Craugh NC1 (703) 608-8511cell

IMPLEMENTATION
SECONDARY PLAN

-In the event that ALL emergency exits are blocked and cannot be accessed, and imminent escape is necessary, egress lines are located on the north side of the building and on the west side.

-In the event that the overpass is destroyed or inaccessible to foot traffic, our secondary muster point will be the corner of 23rd and Fern St. (Stars and Stripes restaurant).

-Proceed out the front of the building and turn left, pass the Hilton Hotel, turn left at the first traffic light (23rd St.), proceed

NC1 Emergency

Emergency Escape Mask Program

In the event of a Chemical, Biological, Radioactive, or Nuclear event your Emergency Escape Mask will afford up to 65 minutes of protection.

- **Normal Condition**
  - **Keep mask at desk or work area.**
  - **Additional masks accessible in common area cabinets.**
- **Heightened Threat Condition**
  - **Alerts via scripted message on computer screens.**
  - **Carry masks when away from desk or work area.**
- **Emergency Condition**
  - **CBRN Directorate confirms response of automatic detectors.**
  - **Emergency instructions displayed on computer screens. Public address system provides alerts and instructions.**
  - **For localized hazards, individuals may mask on their own.**
  - **First responders deployed.**

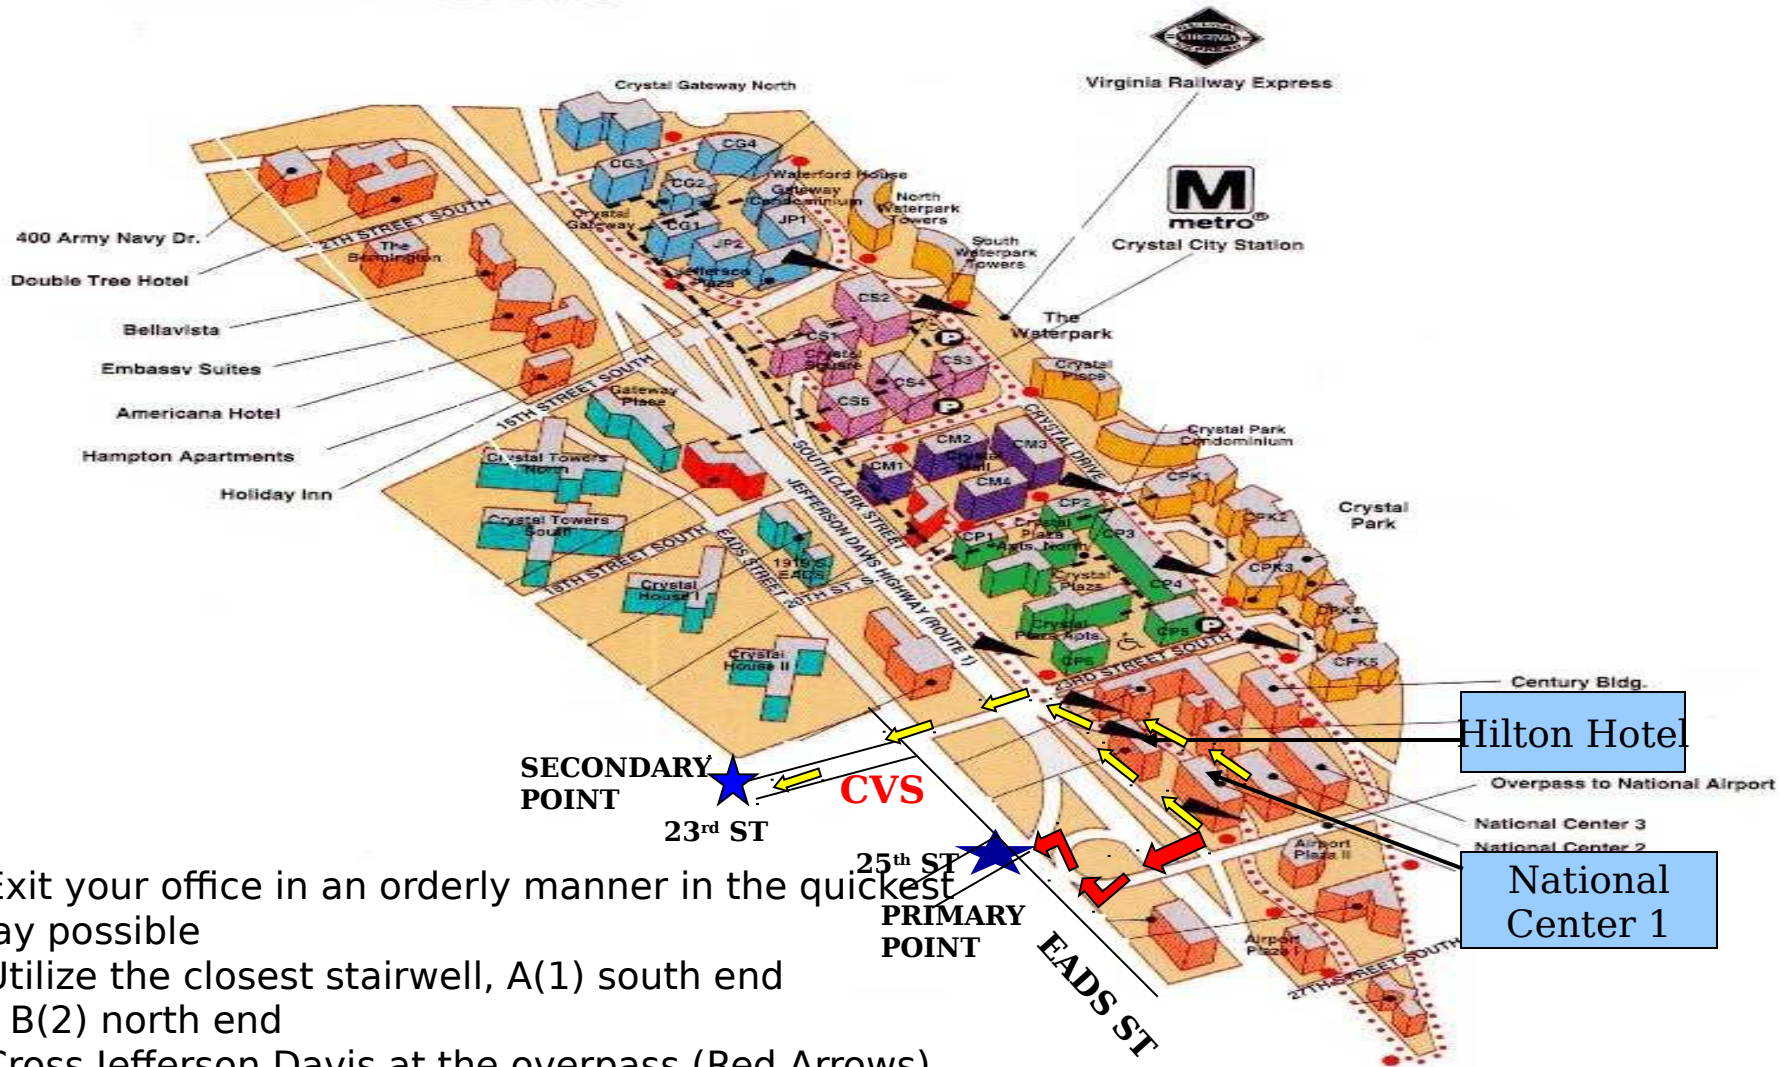
Emergency Escape Mask Program

- **Emergency Escape Mask Procedures**
  - **Since it is a single use mask, do not don unless told by PA, CENS, or a clear danger is imminent**
  - **Keep your REAL mask separate from Training mask and in a readily available location**
  - **Check mask package for leakage/punctures once a month**
  - **Make sure you remove neckwear and earrings and secure long hair with provided hair band before donning**
  - **Make sure neck dam is secure to skin and nose plug is in place**
  - **After successfully donning your mask, check with your neighbors to make sure they too have successfully donned the mask**

N76 Emergency Egress Muste



- Exit your office in an orderly manner in the quickest way possible
- Utilize the closest stairwell, A(1) south end or B(2) north end
- Cross Jefferson Davis at the overpass (Red Arrows)
- Meet at the lamp post on Eads and 25th St, directly behind NC1
- Secondary point is 23rd st and Fern (Stars and Stripes) (Yellow Arrows)
